

# FRANKLIN & MARSHALL

June 10, 2008

Mr. Jim Martin  
Township Manager  
Manheim Township  
1840 Municipal Drive  
Lancaster, PA 17601

Dear Jim:

I am writing in response to your correspondence of June 6, 2008 requesting a Public Involvement Plan be implemented under our Notice of Intent to Remediate the property currently owned by the Lancaster County Solid Waste Management Authority. This property is a part of the Norfolk Southern Consolidation Project.

We have confirmed with the Department of Environmental Protection (DEP) that the public meeting we have scheduled for June 19, 2008 regarding the Norfolk Southern Consolidation Project will serve as part of the Public Involvement Plan requested by the Township. The meeting will be advertised in the Lancaster Newspapers as being part of the Public Involvement Plan and will run this coming week. The advertisement will indicate that the Act 2 remediation will be discussed. Representatives of the DEP will attend and participate in the meeting to respond to the public's questions regarding the Act 2 cleanup process.

If you have any questions, please contact me at your earliest convenience.

With warm regards,

Keith A. Orris  
Vice President for Administrative Services  
and External Affairs

cc: Bob Krimmel, East Hempfield Township  
Kathy Wasong, Lancaster Township
